

Does your current accountant just count beans?

Some of the Ways the Team at Cliftons help YOU GROW YOUR BEANS include:

- Business Ownership Structure reviews ensure you pay the Minimum Tax and have Asset Protection Strategies if sued; we take time to consider any other legal way to reduce your taxes.
- Many have Trusts, but most are not using them correctly to maximise tax savings - particularly Christians
- We take the time to explain Financial Statements - where Your Profits and Cash are going; develop wealth strategies
- We 'Go The Extra Mile', to understand your Business, it's Challenges & Opportunities, even Going to Your Premises
- Pricing, Costing, Marketing & System reviews can reveal flaws & better ways to improve efficiencies, Sales & Profits
- Staff Employment Contracts can protect Goodwill, establish expectations and give grounds to Fire Employees for Stealing
- Are you considering Expansion through Acquisition, we've done it and have the strategies & experience to maximise your benefits

Take a look at our large colour Yellow Pages advertisement under 'Accountants' for some other ways we help clients grow their beans.

SOUTH NOWRA DISCOUNT TYRES

Twelve months ago I changed accountants after being with my previous accountant for 15 years. Best decision I ever made!

This is because they:-

- Are a Great Team, they enjoy their work helping me
- Are strategic business thinkers
- Specialise in the operation of trusts, which has saved me heaps
- Make me money and save me money
- Are Real people giving Real Advice about the Real Business world

And now they buy their tyres from me! So go to my friends at *Cliftons*, they can help you do it better, or tell you if they can't.

Cliftons Professional Accountants can be relied upon to be there whenever we need them! They always take our phone calls, or return them promptly.

They take the time to explain the financial statements, where our profits and cash are going, to reassure us that we are on the right track. They take an interest in the management and running of the business, they are more than just bean counters.

Cliftons are a great support to me, more like a friend that can be relied upon. They continue to take a personal interest in the business, dropping in to the store, coming up with management and other ideas, we are more than 'just another client'. I can always get answers, for its like a 'one on one' dedicated service, but as they work as a team, there is always someone to help, and as a result they give outstanding service.
